INCLUDE

Keep your current membership by including them in what is happening. Let them know with phone calls, emails, newsletters, Facebook. They may not be regular meeting attendees, however, they may want to be involved in what activities may be happening.

INCLUDE them in the plans! In the IDEAS! You may be surprised.

Be excited! Detail what is needed. There may be someone with a skill you didn't know about.

Reach out to those members you don't see.

They may surprise you. They just may want to be involved and are waiting to be asked. Even if to volunteer for a short period of time to sit.

You'll never know unless you ask. If they say no this time they may say Yes next time. They are still a member. We want them to continue to be a member.
