

Youth Activities

Illustrating America Art Contest

What can an auxiliary do to promote this program?

- Read the instructions and applications thoroughly.
- Bring the application and entry forms to an art teacher or guidance counselor in your schools.
- Check with them periodically to see if any are forthcoming.
- After receiving entries, have your own auxiliary vote for the best one, and send it to the district for judging.
- check over the application to make sure they are filled out properly.

*Applications can be gotten from the website or contact me, and I will make sure that you get them.

See, it is not that hard. If you have any problems or need any paperwork or assistance, contact me at any time.

And have a safe Halloween!

Encourage neighborhood parties instead of door to door and choose treats that are nutritious and fun items that are safe and healthy. Watch for children crossing the street in the dark. Let's make Halloween a safe and happy night for children!
