MENTORING FOR LEADERSHIP COURSE: 106 Mid-Term

Let's see what we've learned. Each Auxiliary is to take the test and the first one to send in the completed and correct test will get something from me!

1. This course focuses on \_\_\_\_\_ for \_\_\_\_\_.
2. What does catch the member when they first join; ask them to participate; remember what it felt like to be new and engage them in a program that fits them, remind you of? \_\_\_\_\_
3. A strong membership on every level of our organization will be accomplished through \_\_\_\_\_
4. A mentor who uses the \_\_\_\_\_ is the key to creating a successful leader.
5. With a positive \_\_\_\_\_, a \_\_\_\_\_ will teach the basics of our organization.
6. If you're overwhelmed, stressed or overworked in your auxiliary position because you wear many hats it could be because of lack of \_\_\_\_\_.
7. What is the Department Presidents Special Program? \_\_\_\_\_.
