

V.F.W. Auxiliary Community outreach

Bulletin # 9

Thank you to all the auxiliaries that sent in outreach reports. I hope you continue to help other organizations throughout the year. During the summer is a great time to help. Just get it voted on at your monthly meeting, in your minutes and help. So many organizations have fundraisers, Safety courses from Fire dept, EMS and police dept. Just call them and ask if they need help. All is hours and time spent. No money to be reported. If another organization is having function at your post, you helped them succeed, report it.
