

V.F.W. Auxiliary, Department of Connecticut

Bulletin #4

Oct. 2024

HISTORIAN

This month, we will be exploring Pinterest. What is this?

Pinterest is a social network that people use to share ideas, recipes craft items, to exchange and share for their projects. It can be used to find decorations for a fundraiser or event coming up, ideas for making food items and has instructions how to make craft items that your auxiliaries could sell. You could also share some of your ideas and crafts that you have worked on. Excellent to find latest ideas and fun projects that your auxiliaries can work on. Check it out at [pinterest.com](https://www.pinterest.com) and find a whole New World of social interaction.

- Don't forget to continue sending me pictures of Madam President and of your activities and events. Please include a brief summary of what the pictures are and who are in them.

Hint #3- Armstrong (Remember that prizes will be given at the quarterly)

HAPPY HALLOWEEN!

Debra Knickerbocker, Historian
