VFW Auxiliary, Dept of CT.

April 2025

Team CT. is working on our objective of 100% for Paid Membership. Attaining this target helps our Dept. with costs of awards. Help us continue with our goal of lending a hand to our veterans, their families and military service members.

Have you held a Membership Drive? Did you think outside the box on how to retain or attract new members? Let me know for a special award to be given at our June Convention.
