AMER*ICANISM*

It is never too early to get started on your America 250 events for next year. You need to start planning NOW! Go to the website America250.org to find out if your town has a committee for this event. If it does not, contact your town to suggest putting one together and maybe getting on board with them. If your town does not have a committee at all or want one, you can hold events on your own. Also, at the website you can find merchandise to help you promote your program.
