The Historian/Media Relations Chairman is the memory keeper of this
2025 – 2026 year.

The Historian collects the who, what, where, when and why of the Auxiliary.

The Historian compiles and chronicles events and memories in writing, thru
photographs, newspaper clips, videos and memorabilia.

The Historian is the lifeline between the Auxiliary and the community.
Keeping the public informed about our National Programs and community projects
will produce interest, participation and yield new members!
